

Wedding Pricing Guide

The Tattooed Bride Photography

ABOUT GUEST COUNT + TIME NEEDED FOR WEDDING PHOTOGRAPHY:

Wedding packages and prices are for weddings with 15 or more guests. If you have 15 or less guests, then head over to my elopement pricing page on my website.

One of the most difficult parts of booking your photographer is knowing how much time you will need, and picking which package is right for you. I like to arrive a min of 2 hours before the ceremony time, and the more time the better. During our consult I will suggest a package that fits your needs. I made the packages below with as many hours as I could afford to offer in each package in mind. Here are some examples of timelines and the minimum number of hours of photography needed to cover them:

- **5 and 7 hour example** includes the getting ready stages until grand entrance:
 - ❖ First Hour- photographer arrives and capturing the client getting ready and the dress hanging and details (rings, vows, flowers, etc.).
 - ❖ Second Hour- capturing the client putting on the dress/suite and second client getting ready details.
 - ❖ Third Hour- capturing the first look and couple's portraits. If there is no first look, single portraits
 - ❖ Fourth Hour- capturing the bridal party photos.
 - ❖ Fifth Hour- capturing the ceremony.
 - ❖ Sixth Hour- capturing the family photos during cocktail hour.
 - ❖ Seventh Hour- capturing the grand entrance, special dances, toasts.
- **9 + hours example** includes the getting ready stages and 3 or more hours of the party:
 - ❖ Everything above in 5- and 7-hour example, plus....
 - ❖ Eight Hour- capturing the dinner, cake cutting and dance floor opening.
 - ❖ Ninth Hour and more- capturing all dancing and an exit photo opportunity before photographer wraps up shooting for the day.

What is a 2nd shooter and when to book a package that has both shooters?

A second shooter means that you will have two photographers capturing your wedding photos. You will get more photos, and more of a variety with 2 shooters. The main photographer will arrive in the first suite and the 2nd shooter will go to the second suite to get getting ready photos, and some formals can be done at that time so you have more time to enjoy your cocktail hour. Having two photographers is great for the first look and ceremony because the main photographer will be capturing one of your expressions and the 2nd will capture the other person's tears of joy! The 2nd shooter will also be able to capture your guests during the cocktail hour, while the main photographer gets the family formals. The main photographer is in charge of capturing the bride and groom throughout the day during the ceremony and reception and the 2nd shooter is capturing the guests and all the details of the day.

If your dream package doesn't fit into any day below, just contact me for custom packages. I include the max number of hours for each package and services that I can, and I don't want to put any limitations on what is possible for your day.

UPGRADES TO PHOTOS:

- Engagement Shoot- \$400- 2 hour or less photoshoot somewhere cool! Let's go somewhere awesome and get to know each other more through an engagement session. This is a great opportunity to get to know your photographer, and to get comfortable with being photographed professionally. Also a great opportunity to showcase your personalities together by doing an activity or going to a place that tells your story. You will receive a location questionnaire and location guidance.
- Photo Smoke Bombs- \$600 includes 2 smoke bombs of the same color. One of my specialties is taking smoke bomb photos! I am sponsored by several smoke bomb companies and provide educational videos to other photographers on how to do these properly. You can choose one color or multiple colors. I only use smoke bombs that I personally order, and the fee covers the explosive shipping charge and extra editing time to those photos. Because of burns and explosives I only personally hold these and detonate them. I DO NOT ALLOW CLIENTS TO HOLD OR DETONATE THEM WITHOUT SIGNING A WAIVER FIRST. Photo smoke bombs require special editing, special care, and time. If the weather is too windy or rainin gthese are NOT refundable.

- Bridal Boudoir – This makes a great gift for your fiancé, and for YOURSELF! In the words of Moira Rose from Shitt’s Creek – “Take a thousand naked pictures of yourself!”
 - Studio Boudoir session \$800- 2 hours- You’ve been sweating for wedding, and it’s time to document what’s going on under that wedding dress! These will be in my personal and private studio at 3756 Howell Branch Rd, Winter Park FL 32792.
 - Includes 15-20 digitally edited photos and 8 Polaroids. Try the trend of giving your spouse surprise polaroids on your wedding day to get photos of his /her reaction.
 - Up to 3 outfit changes. Hair and makeup is not included but I do have recommendations, and I recommend doing this session of the same day as your hair and makeup trial run!
 - Wedding Day Boudoir- \$400- 30 mins before getting in your dress. This adds an extra 30 minutes to your wedding day photography and we will take the photos after your hair and makeup are completed and before you put on your dress. Includes one outfit, 5-10 edited photos and 8 instant Polaroids.
- Rehearsal Dinner – \$500- for 2 hours minimum, and extra hours are \$250 per additional hour. Did you have a second dress that you just couldn’t resist buying or a cool place location or activity you don’t have time to visit on your wedding day that you would like portraits at? This is great if you want to wear a black dress or totally non-traditional fun dress for a styled photo session. This is like an engagement shoot on steroids with candid photos of your event.
